

ACBL GENERAL CONVENTION CHART

The conventions listed below must be allowed in all ACBL sanctioned tournament play (other than in events with an upper restriction of 20 or fewer masterpoints and events for which the ACBL conditions of contest state otherwise) and at club-level events with multiple-site overall masterpoint awards. Clubs have full authority to regulate conventions in games conducted solely at their clubs.

Conventional agreements permitted by the ACBL Convention Charts are subject to the regulations documented in the ACBL Alert Pamphlet. For a complete list of definitions see Alert Pamphlet-Definitions.

DEFINITIONS

An opening bid of one club is natural if, by agreement, it may be exactly 4-4-3-2 with two clubs, three diamonds, and four cards in each major. Otherwise:

1. An opening suit bid or response is considered natural if in a minor it shows three or more cards in that suit and in a major it shows four or more cards in that suit. A no trump opening or overcall is natural if not unbalanced (generally, no singleton or void and only one or two doubletons).
2. A no trump opening or overcall is natural if, by agreement, it is balanced (generally, no singleton or void and no more than two doubletons).
3. A simple overcall in a suit is natural if, by agreement, it shows four or more cards in the suit named.
4. Doubles and Redoubles are natural if, by agreement, partner is requested to pass.
5. A sequence of relay bids is defined as a system if, after an opening of one of a suit, it is started prior to opener's rebid.
6. A convention is a bid or call that, by agreement, conveys a meaning not necessarily related to the denomination named or, in the case of Pass, Double and Redouble, the last denomination named.

****Unless specifically allowed, methods are disallowed****

1. ONE CLUB OR ONE DIAMOND may be used as an all-purpose opening bid (artificial or natural) promising a minimum of 10 high-card points.

8. ALL CONSTRUCTIVE CALLS starting with the opening bidder's second call.
9. CALLS THAT ASK for aces, kings queens, singletons, voids or trump quality and responses thereto.
10. ALL CALLS AFTER A NATURAL NOTRUMP opening bid or direct overcall, EXCEPT for natural notrump opening bids or overcalls with a lower limit of fewer than 10 HCP or with a range of greater than 5 HCP (including those that have two non-consecutive ranges). See #7 under DISALLOWED.

b) SIMPLE OVERCALLS INTO A SUIT to indicate a minimum of 10 HCP, at least 5-4 distribution in two known suits and responses thereto.
5. TRANSFER ADVANCES (responses to overcalls) where the call shows length or values in the suit of the transfer.
6. CUEBID of an opponent's suit and responses thereto, except that a cuebid that could be weak (fewer than 10 HCP) directly over an opening bid, must show at least one known suit.
7. DEFENSE TO:

8. Numbers 4 through 10 under RESPONSES AND REBIDS above APPLY TO BOTH PAIRS.

DISALLOWED

1. Conventions and/or agreements whose primary purpose is to destroy the opponents' methods.
2. Psyching of artificial or conventional opening bids and/or conventional responses thereto. Psyching conventional suit responses, which are less than 2NT, to natural openings.
3. Psychic controls (Includes ANY partnership agreement which, if used in conjunction with a psychic call, makes allowance for that psych.)
4. Forcing pass systems.
5. Relay (tell me more) systems.
6. Opening one bids which by partnership agreement could show fewer than 8 HCP. (Not applicable to a psych.)
7. CONVENTIONAL RESPONSES, REBIDS AND A CONVENTIONAL DEFENSE TO AN OPPONENT'S CONVENTIONAL DEFENSE after natural notrump opening bids or overcalls with a lower limit of fewer than 10 HCP or with a range of greater than 5 HCP (including those that have two non-consecutive ranges) and weak two-bids which by partnership agreement are not within a range of 7 HCP and do not show at least five cards in the suit.

CARDING

Dual-message carding strategies are not approved except on each defender's first discard. Except for the first discard only right-side-up or upside-down card ordering strategies are approved. Encrypted signals are not approved. In addition, a pair may be prohibited from playing any method (such as suit preference systems at trick one), when they are deemed to be playing it in a manner which is not compatible with the maintenance of proper tempo (much like dual message signals). This decision may be appealed to the tournament committee.

ACBL MID-CHART

Conventional agreements permitted by the ACBL Convention Charts are subject to the regulations documented in the ACBL Alert Pamphlet. For a complete list of definitions see Alert Pamphlet-Definitions.

This chart applies to:

1. All NABC+ events with no upper masterpoint restrictions played at an NABC.
2. All unrestricted Flight A regionally rated events at an NABC.
3. Any bracket of a bracketed KO at an NABC which contains no team with a bracket designator (average masterpoints of the entire team) of less than 1500 points. This chart (or any part) may apply to any sectionally or regionally rated event or tournament at sponsor's option provided that this has been included in tournament advertising. (The requirement for advertising does not extend to use in Flt. A or high brackets of KOs.)

When using a method permitted by the Mid-Chart but not by the General Convention Chart, a pair is required to:

1. Pre-Alert the method(s)
2. Have a written description of the method(s) available for the opponents.
3. Except for those methods authorized by sections #1 - 5 below, have a copy of the approved suggested defense available for each opponent. Approved defenses are available in the ACBL defense database at www.acbl.org.

A defense to a method which requires the above pre-Alert (whether the approved one or one provided by the opposing pair) may be referred to during the auction by both pairs.

To get a method approved, a complete written explanation of the method and a complete written defense must be submitted to ACBL in Memphis, electronically to the Competition and Conventions Committee at candc@acbl.org

NOTE: Weak artificial openings, or bids which require a defense of more than one page, are unlikely to be approved for two board segments.

****Unless specifically allowed, or listed on the ACBL Defense Database site, methods are disallowed****

1. All of the ACBL General Convention Chart.
2. Relay (tell me more) systems that promise game-forcing values.
3. All other constructive rebids and responses are permitted - except for:

 - b. conventional calls after natural notrump opening bids or overcalls with a lower limit of fewer than 10 HCP or with a range of greater than 5 HCP (see #10 under RESPONSES AND REBIDS and #7 under DISALLOWED on the General Convention Chart) - however, this prohibition does not extend to notrumps that have two non-consecutive ranges neither of which exceeds 3 HCP - and c. conventional calls after a weak two-bid with an agreed range of more than 7 HCP or an agreement where the suit length may be four cards (see #7 under RESPONSES AND REBIDS and #7 under DISALLOWED on the General Convention Chart). THIS APPLIES TO BOTH PAIRS.
4. Defenses to natural notrump opening bids and overcalls.
5. Any strong (15+ HCP) opening bid. The following items are approved for all Mid-Chart events of the specified round length (#), but pairs playing them must bring two copies of the approved written defense, offering a copy to each opponent.

DISALLOWED

1. Conventions and/or agreements whose primary purpose is to destroy the opponents' methods.
2. Psyching of artificial opening bids and/or conventional responses thereto.
3. Psychic controls. (Includes ANY partnership agreement which, if used in conjunction with a psychic call, makes allowance for that psych.)

6. Opening one-bids which by partnership agreement could show fewer than 8 HCP. (Not applicable to a psych.)
7. Psyching a conventional agreement which may show fewer than 10 HCP and which is not permitted by the General Convention Chart. This includes psyching responses to or rebids of these methods.
8. Any weak opening bid which promises an unknown suit may not include as the unknown suit the suit named (the suit opened).

CARDING

Same as listed on the General Convention Chart.

ACBL SUPERCHART

Conventional agreements permitted by the ACBL Convention Charts are subject to the regulations documented in the ACBL Alert Pamphlet. For a complete list of definitions see Alert Pamphlet-Definitions.

This chart applies to all NABC+ events with no upper masterpoint limit played at an NABC in which contestants play segments (no change of opponents) of 12 or more boards. This chart (or any part) may be used at a sectionally or regionally rated event or tournament at sponsor's option in any event with 12-board or longer segments provided this has been included in tournament advertising.

Pre-Alerts are required for all conventional methods not permitted on the ACBL General Convention Chart. Description of, and suggested defenses to, such methods must be made in writing. A defense to a method which requires the above pre-Alert may be referred to during the auction by opponents of the convention user.

For NABC+ events in which this chart is permitted, pairs playing SuperChart methods must furnish the above descriptions of their methods to the Director-in-Charge of the event the day prior to the session in which they choose to play them.

****System notes and defenses are required****

All of the ACBL MidChart plus any other non-destructive convention, treatment or method except that:

1. Artificial weak bids at the two or three level (including those with strong adjuncts) must possess,
 - a) a known suit or
 - b) one of no more than two possible suits not to include the suit bid.
2. Defenses over opponents' natural suit bids must promise,
 - a) for non-cuebids showing a single suited hand, one of no more than two possible suits
 - b) a cuebid which could show a weak hand with four or more cards in the suit bid must promise four or more cards in another known suit.

3. The prohibitions contained in item #10 under RESPONSES AND REBIDS on the General Convention Chart are effective for this Chart. (However, this prohibition does not extend to notrumps that have two non-consecutive ranges neither of which exceeds 3 HCP.)

DISALLOWED

1. Conventions and/or agreements whose primary purpose is to destroy the opponents' methods.
2. Psyching of artificial opening bids and/or conventional responses thereto.
3. Psychic controls (includes ANY partnership agreement which, if used in conjunction with a psychic call, makes allowance for that psych).
4. Forcing pass systems.
5. Opening one bids which by partnership agreement could show fewer than 8 HCP in first or second seat. (Not applicable to a psych.)
6. Psyching a conventional agreement which may show fewer than 10 HCP and which is not permitted by the General Convention Chart. This includes psyching responses to or rebids of those methods.

CARDING

Same as listed on the General Convention Chart.

ACBL LIMITED CONVENTIONS

(May be used in games with an upper limit of 20 or fewer MPs)

CLUBS

Club management shall determine the conventions permitted in club games with an upper limit of 20 or fewer masterpoints.

LOCAL & HIGHER EVENTS

The sponsoring organization of local and higher rated tournaments may determine the conventions permitted in games with an upper limit of 20 or fewer masterpoints.

OPENING BIDS

A one club opening bid may be both artificial (says nothing about clubs) and forcing (partner must respond at least once), but opener must have at least 10 HCP. A negative one diamond response may be used.

A two club opening bid may be artificial and strong. It may be balanced (a hand stronger than a traditional 2NT opening) or unbalanced (a hand with which you would open a strong two-bid if playing that way). Further bidding will describe the hand.

A 3NT opening bid may show a hand with a long, solid suit (gambling).

RESPONSES AND REBIDS

A jump shift of one or more levels (into a suit or into notrump) may be used either to force to game or to show a raise of partner's suit. Any meaning may be given to the responses and rebids after an opening bid of 1NT. Exception: if the 1NT opening has a point range which exceeds 5 HCP, or if the 1NT opening has an agreed lower limit of fewer than 10 HCP, responses and rebids may not be conventional — they must be natural.

Any meaning may be given to the responses to and rebids after an opening bid of two clubs or higher. Exception: if the opening bid is a weak two-bid with (a) an agreed point range of more than 7 HCP, (b) an agreement that the bid suit can contain fewer than five cards, or (c) an agreement that the hand can contain fewer than 5 HCP, responses and rebids may not be conventional — they must be natural.

Any call may be used to ask partner or to respond to partner about aces, kings, queens, singletons, voids or trump quality with the exceptions noted above.

COMPETITIVE AUCTIONS

Any meaning may be given to a double or a redouble.

A notrump overcall or jump overcall may be used to show a two-suited hand (at least 5-4 distribution in the two suits). At least one of the suits must be known. The second suit may be known or unknown.

Any meaning may be given to the cuebid of an opponent's suit.

Any meaning may be given to calls used to defend against opponents' conventional calls or opening bids of two clubs or higher.

Any meaning may be given to calls used to defend against natural notrump opening bids or overcalls except that direct calls other than double and two clubs must have at least one known suit.

DISALLOWED

Conventions and /or agreements with a primary purpose of destroying the opponents' methods are not allowed (e.g., a bid telling nothing about the bidder's hand, made simply to use up bidding space).

Agreements allowing the partnership to open the bidding at the one level with fewer than 8 HCP are not allowed. This does not preclude a psychic opening bid.

Psyching of artificial opening bids or conventional responses to artificial opening bids is not allowed.

Psychic controls (bids designed to determine whether partner has psyched or to clarify the nature of the psych) are not allowed.

Relay systems (one player tells nothing about his own hand while interrogating partner about his hand through a series of conventional calls) are not allowed.

CARDING

A discard (a card played while not following suit) can convey a message to partner. The message can pertain to the length of the suit of the card discarded, to the attitude toward that suit (desire to have partner lead that suit) or to another suit (no information about the suit of the card discarded). A pair may decide to attribute the attitude message (good-bad) to the cards on either a higher-to-lower basis (a higher card is more positive than a lower card) or a lower-to-higher basis (a low card is more positive than a higher card).

A discard may carry more than one message, but only at each defender's first discard of the deal. Dual-message discards are not permitted as second or subsequent discards. Encrypted signals (the order and /or message is based on information known to the other defender but not yet to declarer) are not allowed at any time.
